ELIGIBILITY AND CASE MANAGEMENT PROCESS PROCEDURE

I. Introduction

This procedure is intended to help Service Provider/One Stop staff determine the required eligibility criteria and documentation for individuals to be served under the Workforce Investment Opportunity Act (WIOA). The procedure also covers the minimum requirements for local case management processes.

This procedure will be effective July 1, 2015 and represents an analysis of the available guidance on rules, eligibility and regulations of the WIOA. At the release of this procedure the US Department of Labor, Employment Training Administration (DOL) has not released final guidance through the Federal Register, nor has EDD set forth any guidance on WIOA eligibility or program requirements. This procedure, where appropriate, still references the EDD WIA Eligibility Technical Assistance Guide (EDD Directive Eligibility Tag 14-4). This procedure will be updated if guidance from DOL or EDD changes information known at this time.

II. Background

The WIOA authorizes a workforce investment system to provide workforce preparation and employment to eligible adults, dislocated workers and youth. WIOA provides authority to state and local governments to establish their own eligibility policies, procedures and definitions, as long as they are consistent with the WIOA and its associated regulations.

One Stops must verify an individual's authorization to work prior to enrollment into any WIOA funded programs. It is not necessary to document and verify citizenship in

addition to documenting an individual's status as eligible to work. Citizenship reported on the WIOA Application is a demographic reporting element required from time to time by the State for research and analysis. All¹ documents used to satisfy list A OR B and C of the I-9 must be current and must be updated if expired during participation in the WIOA program.

Selective Service/Military Status: The WIOA requires that all males must comply with Selective Service registration prior to participation in the WIOA funded programs. All males who are at least 18 years of age and born after December 31, 1959 and who are not in the armed services on active duty, must be registered for the Selective Service². Before individuals can be enrolled into WIOA activities staff must determine that the individual is eligible to receive services under the funding source. All eligibility documents/sources must be reviewed. This determination must be made prior to the Participant, Interviewer and Reviewers' signing the WIOA application.

There are different types of eligibility verification¹¹ methods that can be used. These methods are listed and described below. Attachment III of this document provides a sample of WIOA eligibility criteria and recommended documentation sources. Attachment IV of this document is a list of Eligibility Verification Forms (EV) developed for use with certain eligibility documentation. Eligibility verification methods include:

A. Documentation

Documentation means to maintain on-file physical evidence, or scanned documents, which are obtained during the verification process.

B. Documentation Inspection

¹¹ Verification means to confirm an eligibility requirement through examination of official documents, e.g., birth certificates, public assistance records, or speaking with official representatives of cognizant agencies.

The eligibility documents MUST be inspected and reviewed by staff and recorded on the Telephone Verification/Document Inspection (EV08) form. Information recorded on this form must include all the applicable information to enable a monitor and/or auditor, to adequately verify eligibility, i.e. document name, contact name, telephone numbers, addresses, etc. and signed by staff.

In taking an applicant's statement it is not necessary to obtain corroboration unless there is reason not to believe the applicant.

The Telephone Verification/Document Inspection form is used to verify eligibility information through governmental, private and/or social service agencies. Information recorded on this form must include all the applicable information to enable a monitor and/or auditor, to adequately verify eligibility, i.e. document name, contact name, telephone numbers, addresses, etc. and signed by staff.

VI. **Maintenance of Eligibility Documents**

Either method of eligibility documentation must be kept in a way that the security of the information cannot be compromised. If a document is scanned it must be made available for any monitoring or auditing that is required by the WIOA program.

VII. **Application and Enrollment**

After eligibility has been determined and documented, the application must be data entered into the CalJOBS system with-in 30 days of the determination.

- It is a requirement of the State and NCCC that the WIOA Application must be signed by the participant (parent or guardian if applicable), Interviewer and Reviewer;
- The completed WIOA Application must be maintained in the case file;

This priority does not apply to the Dislocated Worker program (see definition section for each category).

[WIA Section 134(c)(3)(E)]

Veterans Priority: Priority of service is given in all WIOA Title I programs to Veterans and Eligible Spouses of Veterans that otherwise meet the eligibility requirements for the program.

Adult Funds Priority Order: The US Department of Labor has set a priority order in which services are offered to individuals in the WIOA Adult program. The Adult program priority is established in the following order:

XII. Determination of Family Income (for XI (2) Above)

Family (or if a family of one) income is defined as the six-month period prior to application for the program involved. To determine income for the WIOA program, the following guidelines should be applied:

- Family income is the sum of all money received from all resources by all family members, except for specific exclusions, as defined in this procedure. (See Attachment for income inclusions/exclusions)
- Determine the six-month family income by combining the total sums of all reportable income for each family member for the **six months** immediately prior to the **date of application**.
- For the purpose of calculating family income an average pay method may be used whereby the average of one pay stub (if the year to date amount is visible) or 2 or more pay stubs are averaged for the purpose of determining six months of family income.

XIII. Additional Requirements for Youth Programs

Out of School Youth – Please note that 80% of the total Youth program allocations must be spent on out-of-school youth.

Authorizing Minors to Participate in WIOA – For purposes of authorizing a minor (except an emancipated minor¹³) to participate in WIOA, the signature of a parent, guardian or other responsible adult is required on the WIOA Application.

The “other responsible adult” provision allows minors to participate in the program with the authorization of individuals other than a parent or guardian. See definition of “other responsible adult”.

XIV. Ineligible Participants

- A. If a participant is discovered to be ineligible for the program that she/he is enrolled in, the participant’s information should be reviewed for eligibility under other funded WIOA programs or eligibility categories, including eligibility under the Youth 5% category. If the participant is found eligible for another category or program, she/he should promptly be enrolled in the appropriate category or program.
- B. If the participant is found ineligible for all WIOA programs, the participant should receive a prompt written termination notice. The participant should also receive written information on her/his rights and grievance procedures.
- C. In all cases, the Service Provider should assist the individual in obtaining employment

information and/or referrals to other One Stop partners and local service providers.

XV. Case Management Process

Case management is a client centered approach to the delivery of services designed to prepare and coordinate comprehensive employment plans for participants to ensure access to necessary workforce investment activities and supportive services. Case management is an ongoing process that involves active engagement of the participant by the assigned Case Manager, including the development of a comprehensive plan; enrollment into appropriate activities to document services rendered; and comprehensive case notes that clearly outline the services and needs of the participant.

A. CASE NOTES:

Case management efforts/services to participants must be documented through case notes at least every 90 days. Case note entry at least every 90 days is the maximum length of time between documenting services to participants. Please be mindful that case note entries should be made regarding any significant contact with the participant i.e. supportive service requests/payments, change in service plan, changes in training plan and/or emerging needs.

Case notes should only include the facts; describe the behavior and events only. Case notes should NOT contain the One Stop staff's opinion or diagnosis. Customer privacy must be maintained and the One Stop must ensure:

1. All confidential information is discussed in private;
2. Control of participant records is maintained at all times;
3. Medical information MUST be kept separate from the participant's case file and NOT documented in the CALJOBS System;
4. Participant information is shared on a "need to know basis only
5. Case notes must be dated and signed by staff.

Note: One Stop employees should never attempt to diagnose any customer's condition, or offer opinions about medical treatment.

Exit case note must include all information on the employment (if applicable, include employer, date employed, wages and benefits if received). The case note should also include that the participant was informed of follow-up services.

B. PARTICIPANT REPORTING /ACTIVITY START / END / SYSTEM CLOSED INFORMATION:

All services offered participants must be documented by enrollment into the appropriate CalJOBS activities.

All participant actions (enrollment into activities, ending activities, closure information) must be data entered onto the CalJOBS system no more than 30 days in arrears.

The CalJOBS system closes an activity if an “Actual Begin Date” is not entered and more than 30 days elapses. To avoid the system closing an activity the “Actual Begin Date” must be entered into the system before 30 days elapses.

The CalJOBS system closes an activity if the “Projected End Date” expires and more than 30 days elapses. To avoid the system closing an activity the “Projected End Date” must be extended in the system before 30 days elapses.

If these actions do not occur timely the system will close the activity and “System Closed” will appear under the “Actual End Date” column.

DATA CHANGE REQUEST - To request any corrections to the data on the CalJOBS system the following steps must be followed:

Requests for data change are submitted to the NCCC contact person via email with Data Change Request in the subject line.

The email request must include the participant’s name, application number or last four digits of the social security number (do not include full number) and the requested change(s).

Request To Correct Activity(s) In The System: When requesting changes to activity(s) please include the grant code, all current information and the requested change(s).

Request To Enter A New Activity: If staff is requesting to enter a new activity 30 days in arrears, EDD must first give permission.

- In the request include all information for the new activity(s) including grant code, activity code, requested start and end dates.
- Once permission is given staff will be instructed to enter the activity with the start date *current date* and notify this office. (If activity is not entered in 7 calendar days the request will be denied)
- This office will notify EDD that the activity has been entered and then EDD will set the requested date.

For all requests it is required that staff give a detailed explanation as to why the change is needed.

It is required that requests to correct/enter paid activities are submitted by the AJCC Director, or staff chosen by the Director. If multiple and frequent change requests are submitted corrective action plans may be required of the AJCC.

Note: All case managers are required to set alerts for “Projected Start Date” and “Projected End Date”. If case managers complete all actions related to notifications from these alerts they will avoid “System Closed” activities and will also avoid unintended “Soft Exits”.

C. INDIVIDUAL SERVICE STRATEGY (ISS):

NCCC requires that a service plan/strategy is developed for all individuals enrolled into WIOA Adult, Dislocated Worker, Youth and special project programs. Below are instructions for the development of an ISS for NCCC programs funded under the WIOA.

Adult and Dislocated Worker Programs–

The WIOA states the ISS is an ongoing strategy that is jointly developed by the participant and one-stop staff that is appropriate for the individual. The ISS is an effective way to provide services to individuals with barriers to employment, and to coordinate various services, including training services. The ISS is one of the Individualized Career Service activities. NCCC requires that a service plan be developed and recorded for all Adult or Dislocated Worker participants funded under WIOA Title I

A local system must be in place that assures that the ISS for individual participants, at a minimum, includes:

1. employment goals;
2. achievement objectives; and
3. appropriate combination of services for the participant to obtain these goals and objectives.

If the participant is served in a training activity an interview, evaluation and/or assessment must be conducted with the individual and the results documented in the ISS. The ISS must show -

1. Results from an interview, evaluation or objective assessment;
2. The individual is unlikely or unable to obtain/retain employment and is in need of training services to obtain/retain employment that leads to economic self-sufficiency or wages comparable to or higher than wages from previous employment;
3. Has the skills and qualifications to successfully participant in the selected program of training services;
4. Selects a program of training services that are directly linked to the employment opportunities in the local area or the planning region or in another area (IF willing to commute);
5. Is unable to obtain other grant assistance and/or requires assistance beyond the assistance made available under other grant assistance programs;
6. The individual is eligible based on the local priority system.

Local systems must be in place that assures that the service strategy for the individual is documented, either by a locally developed standardized form or comprehensive case notes.

[WIOA Section 134 (c)(2)(xii)]

Youth –

The WIOA requires the development of a service strategy for all youth served under Title I of the act. NCCC programs are required to follow the guidance and instructions set out in the NCCC Administrative Procedure No. 19, Individual Service Strategy Procedure, for all youth program participants.
[WIOA Section 129 (c)(1)(B)]

Special Projects –

Direction will be released for each special project regarding ISS requirements.

D. BUDGET STATEMENT:

For some WIOA programs it is required to document the participant's need to receive services that involve financial reimbursement/payments/tuition support. NCCC Service Providers were given flexibility to develop their own budget statement form. At a minimum the following information must be included in the budget statement:

1. Total income compared to total monthly expenses (we do not care how you itemize these figures) to document the need for support;

For training service(s) only the budget statement must also include:

2. Participant has been advised that if pursuing classroom training, a student loan could be needed and result in personal indebtedness;
3. Participant has been advised of other financial aid programs/grants;
4. If the participant has applied/received other non-WIOA financial aid (if yes list type, amounts and purpose of aid);
5. If the participant is receiving assistance from any other agencies (if yes list the agency name, amounts, and purpose of support).

If the budget statement does NOT show a deficit after calculating the income and the expenditures you must rationalize the need for WIOA funding. A case note must also explain the need.

Adult and Dislocated Worker Programs –

Participants who are or will receive WIOA support (training services, supportive services, Work Experience) a budget statement must be completed.

Youth –

A budget statement is not required for youth programs.

Special Projects –

Direction will be released for each special project regarding budget statement requirements.

E. PROGRAM EXIT:

The CalJOBS system does not allow hard exit to occur. Once all services are completed staff should “close” all open activities and “Create Closure” on the system. If the participant has a global exclusion, staff must also “Create Outcome” on the system with the appropriate information being added for the global exclusion. The reason for a “Global Exclusion” must be documented at minimum with a case note.

An exit case note must include all information on the entered employment (if applicable, include employer, date employed, wages and benefits if received). The case note should also include that the participant was informed of follow-up services.

For participants who are no longer receiving WIOA services and a closure has been entered on the CalJOBS the case file must include all the following information and forms:

<i>WIOA Application</i>	<i>All Programs – The WIOA Application must be signed.</i>

- Allowances, earnings and payments to individuals participating in programs under this Act (except OJT wages) shall not be considered as income for the purposes of determining eligibility for and the amount of income transfer and in-kind aid furnished under any federal or federally assisted programs based on need.

Individuals normally receive wages or income payments under one of the following increments.

STRAIGHT OR SALARY—The straight pay is income received without variation in the gross pay from pay period to pay period. The information may be provided in a series of pay stubs or one, cumulative pay stub. The weekly gross pay is multiplied by 52 to determine the annual gross wages; bi-weekly is multiplied by 26; bi-monthly is multiplied by 24; and monthly is multiplied by 12.

Example 1: Bi-weekly pay stubs indicate a gross amount of \$548.

$26 \times \$548 = \$14,248$ is the annualized gross income

Example 2: Year to Date earnings \$16,812 with bi-monthly payment. There were 18 bi-monthly payments of \$934.

$16,812 \div 18 = 934$

$24 \times \$934 = \$22,416$ is the annualized gross income

VARYING—When reported earnings vary from pay period to pay period, the average of the earnings submitted is annualized. The earnings may be submitted on a number of pay stubs or on one, cumulative pay stub.

Example: Six weekly pay stubs report the following gross earnings: \$534, \$475, \$398, \$534, \$498, and \$534.

Add: $\$534 + \$475 + \$398 + \$534 + \$498 + \$534 = \$2,973$

Divide: $\$2,973 \div 6 = \495.50 is the average gross weekly earnings

Multiply: $\$495.50 \times 52 = \$25,766$ is the annualized gross income

INTERMITTENT—Earnings are varied and include periods of unemployment. With as much data as possible, annualized income is determined by adding the reported earnings.

[DOL TEGL 26-13]

(Note: Consistent with Training and Employment Guidance Letter [26-13](#), the definition of “marriage” includes same-sex spouses, and the terms “husband” and “wife” are to be interpreted in a gender neutral manner to include same-sex spouses.)

Farmworkers and the Unlikely to Return Standard –

The inherently seasonal nature of farm worker occupations has been incorrectly perceived by some practitioners as disqualifying under the “unlikely to return to work” standard in WIOA Section 3 (15)(A)(iii). In fact, individuals that may have worked seasonally can be considered unlikely to return to work in a previous industry or occupation for a variety of reasons such as:

- (1) Change in family situation that requires higher income;
- (2) Disability that precludes returning to the same occupation;
- (3) Natural disaster that results in lost wages;
- (4) Loss of agricultural land;
- (5) Mechanization; or
- (6) Any significant variance to normal seasonal employment patterns, resulting in uncertain return-to-work dates.

Additionally, permanent closures or a substantial layoff from agricultural enterprises and facilities such as packaging, canneries, or farming are not excluded from the standard under WIOA Section 3(B). The WIOA Section 3 (C) standard regarding those that were self-employed (including employment as a farmer, a rancher, or a fisherman) and are unemployed due to economic conditions that resulted from extreme or unusual weather patterns and agricultural market downturns can also apply to farmworkers.

A youth living in a high-poverty area is automatically considered to be a low-income individual. A high-poverty area is a Census tract or county that has a poverty rate of at least 25 percent as set every 5 years using American Community Survey (ACS) 5-Year data. Local Areas may access ACS 5-Year data on the U.S. Census Fact Finder website to determine the poverty rate.

- (6) Unaccompanied youth and homeless families with children and youth defined as homeless under other federal statutes who—
 - (a) have experienced a long term period without living independently in permanent housing;
 - (b) have experienced persistent instability as measured by frequent moves over such period; and
 - (c) can be expected to continue in such status for an extended period of time because of chronic disabilities, chronic physical health or mental health conditions, substance addiction, histories of domestic violence or childhood abuse, the presence of a child or youth with a disability, or multiple barriers to employment.

[Title 42 U.S. Code Section 11302(a) and (c)]

Homeless Youth – See definition of homeless.

Incumbent Worker –

The proposed rules for WIOA define an incumbent worker as one who is employed, has an employer-employee relationship (Fair Labor Standards Act), and has an established employment history with the employer for 6 months or more.

Incumbent Worker Training –

Incumbent Worker training (IWT) provides both workers and employer with the opportunity to build and maintain a quality workforce. IWT can be used to avert potential layoffs, increase the skill levels of employees for promotion within the company. Employer contributions are required for this type of training.

Individual with a Disability –

The term disability means, with respect to an individual:

- (1) A physical or mental impairment that substantially limits one or more of the major life activities of such an individual [For definitions and examples of “physical or mental impairment” and “major life activities,” see the definition of “disability” in Title 29 Code of Federal Regulations (CFR) 37.4.];
- (2) A record of such an impairment; or
- (3) Being regarded as having such impairment.

[The Americans with Disabilities Act of 1990, Section 3(2)(a)]

Layoffs, Furloughs, Temporary Layoffs and Lockouts –

LAYOFF – the permanent or temporary termination of employment of an employee because a position has been abolished, because of insufficient funds, because of lack of work, or for any other reason not reflecting discredit on the employee (such as, dismissal for inadequate performance, violation of workplace rules, cause, etc.).

FURLOUGH – the placing of an employee in a temporary status without duties and pay because of lack of work or funds or other non-disciplinary reasons [Title 5 USC 7511(a) (5)]. As such, it is a temporary termination of employment or layoff.

LOCKOUT – any refusal by an employer to permit any group of five or more employees to work as a result of a dispute with such employees affecting wages, hours or other terms or conditions of employment of such employees [Section 1132.8 of the California Labor Code].

DISCUSSION:

Individuals that are furloughed are laid off. Depending on the local definition of “unlikely to return,” the circumstances of the applicant, and local economic conditions, furloughed individuals may or may not be likely to return to their previous industry or occupation. The local areas are in the best position to make this determination. If these individuals are likely to return to their previous industry or occupation and need more than core services, they may be served as adults. In some cases, a business, company or corporation’s furloughs are in fact substantial layoffs and the unlikely to return

provision does not apply. Local areas have the discretion to define “substantial layoff” since the definition depends on local economic conditions.

Lockout – does not terminate the employer-employee relationship. Consequently, locked out employees are not eligible dislocated workers since they have not been terminated or laid off, are not eligible for unemployment compensation, and are likely to return to the same industry or occupation once the dispute is resolved. The same guidance applies to employees that are on strike. There may be locked out employees who for financial reasons seek other employment. These individuals may be served as adults.

In those cases mentioned above when individuals are not dislocated workers, local boards have the flexibility to serve them as adults even when there is a local priority to serve recipients of public assistance and other low-income individuals.[EDD Directive Eligibility Tag 14-4]

viii. Low income and requires additional assistance

[WIOA Section 129 (a)(1)(B)(iii)]

Poor Work History –

An individual who has not worked 13 full-time weeks in any 3 month period in the past 12 months.
[NCCC definition]

Pregnant or Parenting Youth –

An individual who is under 24 years of age and who is pregnant, or a youth (male or female) who is providing custodial care for one or more dependents under age 18.

Priority of Service –

Adult Program Priority – EDD defines the term priority to mean participants served with WIOA Adult funds must be low-income, recipients of public assistance or basic skills deficient. [see definitions for these categories]. This priority does not apply to the Dislocated Worker program.

Veterans Priority - NCCC will give priority of service to veterans (and some spouses [see *Spouse of Veteran Definition*]) who otherwise meets the eligibility requirements for the WIOA program(s). Priority of service to veterans will be provided with-in the context of existing policies, operational management, and related work processes.

Adult Funds Priority Order: The US Department of Labor has set a priority order in which services are offered to individuals in the WIOA Adult program. The Adult program priority is established in the following order:

- i. First Priority Group - Eligible Veterans and Eligible Spouse of Veterans who are either low-income, recipients of public assistance or basic skills deficient (Adult priority);
- ii. Second Priority Group - Individuals that are not Eligible Veterans and Eligible Spouse of Veterans but are either low-income, recipients of public assistance or basic skills deficient (Adult priority);
- iii. Third Priority Group - Eligible Veterans and Eligible Spouse of Veterans who are not in the Adult priority group;
- iv. Last Priority Group - individuals who do not meet the Adult priority or the Eligible Veterans and Eligible Spouse of Veterans priority group definitions.

Public Assistance Recipient –

See under definition for low-income section (i).

School Dropout –

An individual who is no longer attending any school and who has not received a secondary school diploma or its recognized equivalent. [WIOA Section 3 (54)]

Self-Sufficiency for Employed Workers –

In order for an employed worker to be considered in need of intensive and/or training services, the

individual's hourly wage or family income must not meet the definition of self-sufficiency. NCCC Policy #02 defines self-sufficiency for an employed worker as either:

- For an individual receiving wages that equal \$15.00 per hour OR
- A family income that is above 250% of the federal poverty guidelines OR
- EXEMPT OCCUPATIONS – Health Care Workers: Due to the need to provide upgraded skills training to health care workers the self-sufficiency income limit has been waived. This group may receive intensive and/or training services if they do not fall into the two above criteria.

[NCCC definition]

Spouse (Eligible) of Veteran –

For the purposes of the **priority of service to veterans**, when otherwise eligible for program.

ELIGIBLE SPOUSE – the spouse (including the same-sex spouse) of any of the following:

- (1) Any veteran who died of a service-connected disability;
- (2) Any member of the armed forces serving on active duty who, at the time of application for the priority, is listed in one or more of the following categories and has been so listed for a total of more than 90 days:
 - (a) Missing in action;
 - (b) Captured in the line of duty by a hostile force; or
 - (c) Forcibly detained or interned in the line of duty by a foreign power;
- (3) Any veteran who has a total disability resulting from a service-connected disability, as evaluated by the U.S. Department of Veterans Affairs;
- (4) Any veteran who died while a disability was in existence. A spouse whose eligibility is derived from a living veteran or service member (i.e., categories 2 or 3 above) would lose his or her eligibility if the veteran or service member were to lose the status that is the basis for the eligibility (e.g., if a veteran with a total service-connected disability were to receive a revised disability rating at a lower level). Similarly, for a spouse whose eligibility is derived from a living veteran or service member, that eligibility would be lost upon divorce from the veteran or service member [Title 38 USC 4215(a)].

NOTE: Consistent with Training and Employment Guidance Letter (TEGL) [26-13](#), the definition of "eligible spouse" includes same-sex spouses.

NOTE: The WIOA definition for "spouse of a member of the Armed Forces on active duty" for the Dislocated Worker program differs from the priority of service definition.

Stopgap Employment –

STOPGAP EMPLOYMENT – Work individuals do only because they have lost the customary work for which their training, experience or work history qualifies them. Employment would be considered "stopgap" if the salary were substantially below the salary of the individual's primary occupation and/or

if they are working substantially under the skill level of their customary occupation. There may be times when stopgap employment provides a self-sufficient wage, such as a job obtained through a temporary employment agency, but such employment would not change the individual's dislocated worker status. The determination about whether or not an individual's employment since dislocation is stopgap employment must be made on a case-by-case basis and take into consideration an individual's personal, family, financial, and employment situation. A Dislocated Worker participant in Stop Gap employment will still be counted in the Entered Employment rate. [EDD Directive Eligibility Tag 14-4]

Substantial Layoff –

Will be one that affects an employee that works at least 20 hours per week in a business that employs at least 30 employees when at least 10 individuals are laid off or 30% of the employees are laid off from a single employer. [NCCC definition]

Sufficient Attachment To The Workforce –

Someone who has worked at least 13 consecutive weeks during the last 12 months, and has worked 30 or more hours per week. [NCCC definition]

Transitional Jobs –

Transitional Jobs are a new type of work-based training allowed under the WIOA Adult and DW programs. They are time-limited work experiences that are subsidized and are in the public, private, or nonprofit sector. These services are intended for individuals **with barriers to employment who are 1. chronically unemployed or 2. have an inconsistent work history.** They must be combined with comprehensive career and supportive services in the participant's service plan. These jobs are designed to enable an individual to establish a work history, demonstrate work success and develop the skills that lead to unsubsidized employment

NOTE: No more than 10% of the total WIOA Adult and Dislocated worker funds may be used to provide transitional jobs to appropriate individuals.

NOTE: Service plans must address the barriers required for this activity.

Transitioning Service Member –

A service member in active duty status (including separation leave) who participates in employment services and is within 24 months of retirement or 12 months of separation. This is defined for the Entered Employment performance measure. Transitioning Service Members are considered to be not employed. [DOL TEGL 17-05]

Truancy –

The California Department of Education publication *2002 Work Permit: Frequently Asked Questions* states that: A truant/dropout is in violation of California's compulsory school attendance laws and a school district is not permitted to sanction violation of those laws by issuing a permit to work. A truant/dropout is subject to arrest, and the parents are subject to criminal fines if the minor is found working without a work permit. [EDD Directive Eligibility Tag 14-4; WIA Directive 04-18]

Under-Employed (defined for DW program AND serving employed workers in the Adult program)

One or more of the following criteria must be met:

- (1) An individual who during the last 12 calendar months either received earnings, which equal no more than minimum wage;
- (2) Did not work full time (30 or more hours per week) in unsubsidized employment for more than 13 consecutive weeks;
- (3) An individual who is working part time (working less than 30 hours per week) but desires full time employment;
- (4) An individual who is working in employment not commensurate with the individual's demonstrated level of education and or skill achievement;
- (5) An individual who is employed but meets the definition of low-income individual

DOL TEN 15-10, Protocol for Implementing Priority of Service for Veterans and Eligible Spouses;

NOTE: The definition of veteran in the Priority of Service Regulations and TEGL 10-09 differs from the definition of veteran that applies to reporting of Wagner-Peyser services and to eligibility to receive services from the EDD Veteran Services staff.
